

## **Programmes to protect, preserve, safeguard and promote National Heritage**

The NICH has been drastically impacted as there is no revenues, not even from the Government of Belize. We are hopeful that the Government would provide some sort of response. In the interim we have created, prepared and implemented some programs to protect, preserve, safeguard and promote our National Heritage. This activity would be done in conjunction with the community (artist, cultural stakeholders). We are awaiting on a response from the Government of Belize on implementing same.
